## Patent Pending Features

**Seamless Collar:** Reduces moisture penetration and allows the collar to be worn upright or folded down. NFPA compliant without the throat strap, allowing for comfort while wearing SCBA face mask.

**Removable DRD:** Easy grasp handle that is horizontally positioned for easy grasping and pulling. Can be removed during clean and repair operations greatly reducing turnout damage.

**Ergonomic Leg:** Entire leg has angled design to fit in a forward fire fighting position and freedom of movement extends beyond the knee.
